

Booking Advice

It has come to our attention that some websites are publishing Casa Del Mar's room rates without any contractual agreement and/or authorization from the hotel. Most of these websites do not provide instant confirmation for bookings and will request for credit card details.

Therefore it is with our customers best interests at heart that we have taken the step to list the online travel partners we do work with as follows:

Asia Web Direct
Expedia.com
Hotels.com
All travel partners of Pegasus

If you are indeed one of our partners and have been left out of the list above due to an oversight on our part, please contact our Sales & Marketing Department at info@casadelmar-langkawi.com for clarification.

For more information or enquiries on Internet reservation and benefits, please contact our Sales & Marketing Department as well.

Thank you.
